TRANSFER OF STUDENTS

~~The Carson City School District recognizes that students are moved in and out of classes (after the third week of each semester) for a variety of educational and administrative reasons. When it becomes necessary to change a student's schedule or elementary class placement, it is a matter of professional courtesy for the affected teachers to be consulted and be given input into the decision. This is done because the teacher is an important source of information about a student's past performance; a student's learning needs, and the educational environment of a particular class.~~
