

EMPOWER CARSON CITY 2022

Our Community Inspires and Empowers Innovators, Leaders and Thinkers

The first day of school for students will be at home in an online remote learning platform where students will check-in their Homeroom Class remotely.

Variances must be approved by school sites. For additional information call (775) 283-2009.

Nevada law requires all incoming 7th & 8th grade students to have their T-DAP and MENINGOCOCCAL vaccinations BEFORE the first day of school.

Annual online updates for returning students and online enrollment for new students is now available for the 2020-2021 school year.

Returning Students: All parents or guardians must update their student's information every school year, which includes annual permission & consent forms:

1. Go to Carson City School District website; www.carsoncityschools.com
 2. Click on bright green Infinite Campus box located in the center of page
 3. Select "I am a parent/guardian" from the pull down menu
 4. Select "Campus Parent" and then enter user name and password.
 5. Click "More" on the left side menu
 6. Click "Online Registration"
 7. Click "Begin Registration"
 8. Complete the annual online updates and click red "Submit" button
- If you do not have an Infinite Campus user name and

password, please contact your neighborhood school.

New Students: Parents or guardians will need to log onto www.carsoncityschools.com and click on the enrolling student's link, select "Enroll New Student" to complete the enrollment process. New student enrollment requirements: copy of the student's birth certificate, immunization record and proof of residency. For additional information, please contact your neighborhood school.

Directions and other information can be found on our website at www.carsoncityschools.com under the **Enrolling Students** link.

To confirm the zoned school of attendance, select "Find my School Zone" on the Quick Links tab @ www.carsoncityschools.com. If you need assistance, please contact your school.

K-12 Students in the Carson City School District will return to school on Monday, August 24, 2020 and Pre-K students will begin on Monday, August 31, 2020. Families have two options for their student(s); full-time remote learning or a hybrid-blended learning model.

100% ONLINE LEARNING:

Families selecting on-line learning should be prepared to support their children's active participation in all on-line learning activities. In addition, families will need to ensure their children have adequate space, materials, and technology access. If needed, the District can provide a Chromebook and portable "hot spots" to access internet services, as needed. Families will also need to follow the established daily learning schedule and will need to work with school staff to arrange for their children to participate in standardized assessments and other mandated educational activities. Students must commit to in-person remote

learning or online learning for at least a full grading period. Students will not be permitted to move back and forth between the Hybrid Learning Model and the On-line program during a grading period.

- K-8 students will have the option to select full online learning for a nine-week grading period
- Online model for K-8 students involves four days per week of teacher-directed/synchronous instruction and learning. Synchronous learning is the term used when the teacher and student(s) engage in real-time instructional activities using virtual tools, and one day per week, students engage in independent/asynchronous learning. Asynchronous learning is the term used when students are independently engaged in learning activities using virtual tools, guidance, and materials.
- 9-12 students who select the full on-line learning program must commit for a semester

- Those who elect not to attend school in person will be enrolled in a system of online learning where a commercial software platform provides online instruction and curriculum. District staff will monitor the students' progress, but course content will be delivered online. In addition to online readings and practice exercises, instruction and assignments may include other activities such as video tutorials and projects. All courses necessary to fulfill standards of learning and graduation requirements are guaranteed to be available to students. It is important to note that students may not be able to participate in all courses they originally selected, including electives, honors sections and special programs. In addition, full-time online instruction may not be able to support some specialized programs and course offerings that would otherwise be available to enhance student options, such as Advanced Placement (AP), and certain Career and Technical Education (CTE) and fine arts electives.

HYBRID MODEL:

The hybrid model requires a daily rotating schedule for synchronous (real-time or in person) and asynchronous (independent and remote) instruction. Groups of students or cohorts attend school on assigned days each week. The chart illustrates how the hybrid model would look as it serves half of the students at school on Tuesdays and Thursdays and the other half of the student body on Wednesdays and Fridays. Students who are not attending in-person on any given day participate in asynchronous or off-site remote learning. Students at home will use virtual curriculum resources and materials to complete instructional tasks assigned by their teachers.

| Monday | | Tuesday | Wednesday | Thursday | Friday |
|---------------------------------|-----------------------------------|--|--|--|--|
| AM Homeroom/ Intervention | Group 1 – At Home Online/Async | Group 1 – In School | Group 1 – At Home Online/Asynchronous | Group 1 – In School | Group 1 – At Home Online/Asynchronous |
| PM Teacher- Planning | Group 2 – At Home Online/Async | Group 2 – At Home Online/Asynchronous | Group 2 – In School | Group 2 – At Home Online/Asynchronous | Group 2 – In School |

EXPLANATION OF THE HYBRID MODEL:

1. The Hybrid instructional model relies on a regular, repeating, predictable weekly schedule. This model is designed for students to spend two days at school and three days at home. For the student group scheduled to meet on campus, school will occur in traditional fashion except for increased emphasis on social distancing, and limitations on building occupancy. Students working from home or another remote location are expected to complete virtual assignments and practice problems that support mastery of the standard(s) being taught.
- This model was selected for the 2020-2021 school year by the School Reopening Committee to allow families to schedule and plan for child-care arrangements. The predictable schedule provides a reliable pattern on which families can organize and operate.
2. Students will be placed in one of two cohort groups. Student enrollment in individual classrooms are divided equally to accommodate social-distancing and meet building occupancy restrictions. District schools and families will work together to establish uniform cohort assignments so family members regardless of grade or level are guaranteed the same cohort if they choose.
3. All students in grades K-12 will have access to a Chromebook computer and access to the internet according to family needs. Schools and teachers will work with families to make sure that students have access to the necessary technology to navigate the educational opportunities of the hybrid model.
4. Each Monday, both student cohorts remain at home. Staff members report to their duty stations. On Mondays there will be no regular school bus transportation service to the schools.

CARSON CITY SCHOOL DISTRICT GENERAL INFORMATION

EXPLANATION OF THE HYBRID MODEL CONTINUED

Exceptions will be in accordance with students having an Individualized Education Plan (IEP) and other service plans as required.

On Mondays, Nutrition Services typically will not serve meals at schools. However, food will be prepared and available to qualifying students. When students attend school in person, meals will be served and consumed according to social-distancing restrictions. Students who qualify for free and/or reduced lunch will receive bagged meals for the days they are assigned distance learning. The prepackaged meals will be distributed as follows:

Group 1 attending class on site Tuesday and Thursday

- ▶ Tuesday – Breakfast and lunch for Wednesday will be bagged and passed out as students leave school on Tuesday
- ▶ Thursday – Breakfast and lunch for Friday and Monday will be bagged and passed out as students leave school on Thursday

Group 2 attending class on site Wednesday and Friday

- ▶ Wednesday – Breakfast and lunch for Thursday will be bagged and passed out as students leave school on Wednesday
- ▶ Friday – Breakfast and lunch for Monday and Tuesday will be bagged and distributed as students leave school on Friday.

Students participating in 100% online learning should contact the nutrition department at 775-283-2150 to schedule pick up times and locations. A twenty-four-hour advanced notice is required.

On Mondays, all staff members including specialty teachers, social workers, counselors and other licensed staff, will engage with students remotely in a virtual “Home Room” setting. Student attendance is recorded. Home Room lessons will include social and emotional learning, discussions on current events, student health and hygiene, and other pertinent topics introduced by the teachers. Students and staff will use remote, virtual, learning tools and platforms to engage in the Home Room activity. The Home Room time may also be used for remediation and individual or small group tutoring.

When the Home Room session ends, students may continue to work asynchronously on virtual lessons and problems or projects assigned by the teacher. Staff will turn their attention to preparation activities such as attending PLC meetings, collaborating with colleagues in grade-level and general staff meetings, or attending meetings with site administrators as necessary. A 30-minute duty-free lunch, will also occur.

After lunch, staff will have approximately 4 hours of personal preparation time to plan for student lessons in the coming week. Teachers must prepare for both at-school and at-home (remote) lessons. Instructional materials are to be purposefully developed and related to the appropriate academic standards and pacing for both face to face and remote teaching groups. The Hybrid model suggests that students on campus receive direct instruction from teachers and receive virtual instruction remotely from their teachers. Students may receive individual or small group tutoring from their teachers as needed. Teachers must also prepare to provide students with additional instruction, practice, problems, or assignments remotely. Assignments and projects can be completed remotely as students continue engaging in their studies. Students working from home should expect to receive new instructional material as part of a teacher’s remote learning lesson.

5. On Tuesday through Friday of any given week, the respective cohorts will alternate days of being on campus one day and remaining home the next. On Tuesday-Friday, Transportation services will be provided for the student cohort assigned to attend school. At the elementary level, Specials teachers will work with the site administrators to engage students throughout the week. Assignments for specials classes will be encouraged to be completed remotely too.

Approximate School Schedules for Start and Dismissal Times

| Elementary | Middle School | Pioneer High | Carson High School |
|------------|---------------|--------------|--------------------|
| 8:25 AM | 7:45 AM | 7:35 AM | 7:40 AM |
| 3:15 PM | 2:15 PM | 2:15 PM | 2:05 PM |

Elementary schools will have the flexibility to work within this schedule to assign time for specials teachers to assist school operations and engage the curriculum. Middle schools will likely teach a straight six period day where core subjects and electives are offered. Each middle school will have the ability to vary their class schedule according to staff availability and school resources. The District’s high schools will be using the block school schedule and have flexibility to determine the class schedule that makes the best usage of services and resources. Examples of a typical schedule for each of the school levels are found at the end of this document.

Transportation:

Student and staff health and well-being is also of concern on our school buses. Many students rely on district transportation and the nature of riding buses makes social distancing very challenging. The plan for reopening schools is to transport students at approximately 50% of occupancy for each bus. There will be no regular student transportation on Monday of each week. Buses will run Tuesdays through Fridays and qualifying students in the respective Cohort groups may ride the school bus when it is his/her day to attend school on campus. Exceptions will apply to students with IEPs.

Based on the limitations associated with social-distancing and occupancy limitations on buses, parents are encouraged to transport their children to school or have children walk or ride their bikes to school if possible so conditions of social distancing can be achieved and maintained.

School walk zones will not be altered at this time. However, parents must reserve a seat for their child to ride the bus. Seats will be assigned to qualifying students. Siblings may sit together. School bus ridership will be strictly enforced. Families living inside of the official walk zones should not expect to have their children transported to school. Students without reserved seats will not be permitted to enter a bus. Students will not be able to ride a friend’s bus home. Depending on how many students request a seat on the bus, the District may be required to alter walking zones or make other adjustments to maintain social-distancing restrictions. For now, parents should answer our required bus question indicating whether their child will use the District’s bus service. All riders, including the bus driver, must wear face coverings.

Face Masks:

Within the Carson City School District, all students, employees, and the general public are required to wear face masks. The mandatory provisions of this Directive shall not apply to:

1. Individuals who cannot wear a face mask due to a medical condition or disability, or who are unable to remove a mask without assistance. Students with IEPs or 504 plans will receive accommodations based on guidance from these documents. Teachers have the authority to ask all students, regardless of age, to wear face coverings in the classroom.
2. Face shields are not approved for use at school.

Students must have two cloth face masks as part of their back-to-school supplies. In accordance with CCSD Regulation 519 Dress and Grooming, students may not wear masks which advertise controlled substances, display inappropriate words or pictures, gang related, or derogatory to any ethnic group or intended to cause disruption of any school, class or activity. If you need assistance obtaining masks, please contact your school counselor, social worker, or nurse for assistance. Disposable masks will be provided to students who arrive to campus without a mask.

ENGLISH LEARNER PROGRAM DESCRIPTION
The Carson City School District is dedicated to serving the needs of English Learners – students who speak a language other than English at home and score below proficient on English assessments when they enter our school system. In order to assure equity and access to an excellent education, the District's English Learner Program provides additional services to students with limited English language skills so that they may benefit from all the District's educational programs. Parent involvement is highly valued in our district, and we invite all parents to become involved in their child's education. Our goal is to provide a supportive environment for English Learners with a focus on academic achievement and college and career readiness. If you would like more information regarding the Carson City School District English Learner Program, please contact EL Program Director, Dr. Laura Austin, at (775) 283-1504.

El Distrito Escolar de Carson se dedica a atender las necesidades de los estudiantes que están aprendiendo inglés – estos son estudiantes que hablan un idioma distinto al inglés en casa y que tienen una calificación de aptitud baja en las evaluaciones de inglés cuando ingresan a nuestro sistema escolar. Con el fin de asegurar la equidad y el acceso a una educación excelente, el programa para estudiantes de inglés del distrito proporciona servicios adicionales a los estudiantes con conocimientos limitados del idioma inglés para que puedan beneficiarse de todos los programas educativos del distrito. La participación de los padres es muy valorada en nuestro distrito, e invitamos a todos los padres a participar en la educación de sus hijos. Nuestro objetivo es proporcionar un ambiente de apoyo para los estudiantes de inglés con un enfoque en el rendimiento académico y en la preparación universitaria y profesional. Si desea más información sobre el programa para estudiantes de inglés del distrito de la ciudad de Carson, por favor contacte a la Directora del programa, Dr. Laura Austin, al (775) 283-1504.

Carson City School District Nutrition Program Free and Reduced Priced Meals 2020-2021 SY

The Carson City School District is pleased to announce our participation in the National School Lunch Program (NSLP), School Breakfast Program (SBP), Child and Adult Care Food Program (CACFP) and the After School Snack Program (ASCP).

Empire Elementary is approved as Provision 2 Schools under the School Breakfast Program and National School Lunch Program. All student(s) enrolled at Empire Elementary have the opportunity to eat breakfast in the classroom after the bell and hot lunch in the cafeteria at no cost to the household. Pioneer High, Mark Twain Elementary, and Fremont Elementary are approved as Community Eligibility Provision, under the School Breakfast Program and National School Lunch Program, all students enrolled have the opportunity to eat breakfast in the classroom after the bell and hot lunch in the cafeteria at no cost to the household. Any student(s) enrolled at Pioneer High, Mark Twain Elementary, Fremont Elementary, or Empire Elementary are not required to complete a meal application for the 2020-2021 school year.

If your household income is less than or equal to the following Federal Income Eligibility Guidelines (IEGs) below, your children are eligible for free or reduced priced meals.

Application forms with instructions for completing them are available at all schools in the front office. To apply for free or reduced priced meals, households must fill out the application and return it to the school. Only one application is needed for each household and applications may be completed and turned in at any time during the school year. Additional copies may be obtained from any school site. The information provided on the application will be used to determine eligibility and may be verified at any time during the school year by

program officials.

For up to 30 operating days into the new school year, eligibility from the previous year will continue within the same school district. When this 30 operating day carry over period ends, unless the household is notified that their children are directly certified or the household submits an application that is approved, the children must pay full price for school meals. The school is not required to send a reminder notice of expired eligibility.

When known to the Carson City School District, households that have children that are categorically eligible through an assistance program, SNAP, TANF or FDPIR, or households that have children that are qualified as Other Source Categorically Eligible by being classified as; homeless, migrant, runaway, or enrolled in in an eligible head start or pre- K program, will be notified of the children's eligibility for free meals. Applications do not have to be submitted for families in these circumstances. All children in the household qualify for free meal benefits and if they are not listed on the notification of free meal benefits, the household should contact the school district to have free meal benefits extended to them. If children are participating in the programs listed above and the family is not contacted by the school, the family should contact the school. Households that have been notified of their child's eligibility must contact the school district to decline the free meal benefits.

Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) participants may be eligible for free and reduced priced meals. Additionally, children of parents or guardians who become unemployed may be eligible for free and reduced price meals or free milk.

For school officials to determine eligibility and process applications for meal benefits,

households must provide the following information on the application;

INCOME BASED APPLICATIONS

- Names of all household members
- Amount, source, and frequency of current income for each household member
- Signature of an adult household member
- Last 4 digits of the social security number of the household's primary wage earner, or another adult household member's social security number, or an indication that the household member does not have one.

Assistance Program Households: Households that are approved for the Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), or the Food Distribution Program on Indian Reservations (FDPIR), are automatically approved and need only provide the following information on their applications for free or reduced priced meal benefits;

- The names of all children for whom the application is made
- SNAP, TANF, FDPIR case number or identifier, for the children or any household member listed on the application
- The signature of the adult household member completing the application.

Other Source Categorically Eligibility: Families of children classified as homeless, migrant, or runaway, may submit an application with the following information;

- Names of the children for whom the application is made
- Indication of the child's categorically eligibility status
- Signature of an adult household member

Foster Children: Foster children are automatically approved for free meal benefits. They may be included as a member of the foster family's household, as this may help other children in the
