

JAM-PACKED

COURTESY

In a collaborative effort with the Carson City School District, the Nevada Department of Education divided and packed more than 600 backpacks and books for the education of disadvantaged children and youth across Nevada. The backpacks were filled with school supplies and hygiene items, three-ring binders and an assortment of books (four different titles). Feed the Children shipped the supplies to the McKinney-Vento Students in Transition Program where items were divided up, assembled and distributed to more than 17 districts throughout the state.
