

CHS HOSA students compete in Virtual State Competition

Carson High School Career and Technical Education HOSA (future health professionals) students competed in the 2020 Virtual Carson City School District

tual Nevada State Leadership Conference hosted April 15 through May 8. More than 1,000 students from Nevada competed in more than 40 medical competition events.

Students were only able to compete in one event (some events were individual, and some were team events) as well as take the healthcare issues exam and be recognized for their service. All the Carson High School students listed below qualified for the 2020 Virtual International Leadership Conference set for June 22-27. They will compete against members from all over the nation and from countries such as Italy and Germany.

Additionally, more than 81 percent of the students who ranked in the top 25 percent in the healthcare issues exam were from Carson High School. A total of 35 CHS HOSA students earned the recognition, which also qualified them to compete at nationals. There were only 43 HOSA students to qualify from Nevada.

The Career and Technical Education program encompasses a vast number of classes and programs that teach today's students the

high-demand skills needed to get a job. CTE better prepares students for post-secondary education and/or the world of work, whether they choose to enter the work place directly from high school or select to pursue post-secondary education in a technical training program, apprenticeship or a two- or four-year college. CTE prepares students for the world of work by introducing them to workplace competencies and makes academic content accessible to students by providing it in a hands-on context.
