

GRAND OPENING

COURTESY DAN DAVIS

A Grand Opening celebration of the new Prominence Care Center, in partnership with Vera Whole Health, was held Wednesday at 4 p.m., 180 E. Winnie Lane. The center features full-time medical teams and health coaches dedicated to helping patients achieve their ultimate well-being, while coordinating and managing healthcare costs for all members. This includes employees of the Carson City School District as well as Medicare Advantage members. Dr. Bernard Farzin, chief medical officer for Prominence Health Plan, officiated a ribbon cutting with opening remarks by Carson City Mayor Bob Crowell. Guests were able to tour the center, meet staff and learn about the benefits and services available to members.
