

School district to host Community Sustainability Night

Carson City School District is hosting a Community Sustainability Night from 5 to 7 p.m. Thursday at Empire Elementary School, 1260 Monte Rosa. Families and members of the community are invited to come celebrate initiatives and partnerships for sustainable practices.

The event will include highlights from the school district's Science, Technology, Engineering and Mathematics and sustainability initiatives, the Capital City Sustainability Partnership through the Nevada Green Institute, the new single-stream recycling program through Waste Management and the recently launched Green Dining District.

The event will include fun student-created videos, prizes, awards and light snacks and refreshments. For more information, e-mail alisonc@mckinstry.com.
