Tesla is accelerating the world's transition to sustainable energy. We design, manufacture, sell and service the world's best solar technology, energy storage systems, and electric vehicles, providing customers the opportunity to generate, store and consume energy entirely sustainably.

We're tackling the world's most difficult and important problems and we wouldn't succeed without our passion for making the world a better place. We're looking for talented individuals who share that passion and are committed to challenge and to be challenged, to create, and to innovate.

Tesla works to build an inclusive environment in which all people, regardless of gender, race, religion, or background, can come and be their full selves and do their best work.
