BOARD OF TRUSTEES CARSON CITY SCHOOL DISTRICT

POLICY No. 106 OBJECTIVES

PARENT INVOLVEMENT POLICY

(Empowering parents to participate in their children's education)

The Carson City School Board of Education recognizes that parental involvement is the key to academic achievement. The term parent refers to any caregiver who assumes responsibility for nurturing and caring for children, including parents, grandparents, aunts, uncles, foster parents, stepparents, etc. Studies demonstrate that when parents are involved in their children's education, the attitudes, behaviors, and achievement of students are positively enhanced.

Parents and families provide the primary educational environment for children; consequently, parents are vital and necessary partners with the educational communities throughout their children's school career. Although parents come to the schools with diverse cultural backgrounds, primary languages, and needs, universally all parents want what is best for their children. School districts and schools, in collaboration with parents, teachers, students and administrators, must establish and develop efforts that enhance parental involvement and reflect the needs of students, parents, and families in the communities which they serve.

In order to enhance parental involvement, six essential elements should be promoted:

- 1. Communication between home and school is regular, two-way, and meaningful: Effective communication requires school-initiated contact with the parent and parent-initiated contact with the school where both parties provide vital information about a child's strengths, challenges, and accomplishments. To effectively communicate, both parties must be aware of issues such as cultural diversity and language differences and appropriate steps must be taken to allow clear communication for all participants.
- 2. Responsible parenting is promoted and supported: The family plays a primary role in a child's education, and schools must respect and honor traditions and activities unique to a community's cultural practices and beliefs. Parents are linked to programs and resources within the community that provide support services to families.
- 3. Parents play an integral role in assisting student learning: Educators recognize and acknowledge parents' roles as the integral and primary facilitator of their children's education. Research demonstrates that student achievement increases when parents are actively involved in the learning process.

POLICY No. 106 - CONTINUED

- 4. Schools are open and inviting to parents and families and are actively seeking parental support and assistance for school programs: Parents are welcome in the school, and their support and assistance are sought. Capitalizing on the expertise and skills of the parents strengthens the family, school and community partnership.
- 5. Parents are full partners in the decisions that affect children and families: Parents and educators have a joint responsibility to make informed decisions related to all aspects of the education provided to Nevada's youth. The role of parents in shared decision making should be continually evaluated, refined, and expanded.
- 6. <u>Community resources are made available to strengthen school programs, family practices, and student learning</u>: Schools and parents will cultivate relationships with additional members of the community in order to promote and effectively increase educational opportunities for children. Together, parents, educators and community members will join efforts toward identifying and promoting community resources and innovative programs for strengthening schools, families, and student learning.

Providing Carson City's children with equal access to quality education is a primary goal. It is vital that all partners (parents, educators, communities, etc.) have the opportunity to provide input and offer resources to meet this goal. These partnerships are mutually beneficial. Developing cooperative efforts and linking access to resources will ensure improved academic achievement for all students, as well as quality schools.
