SCHOOL SAFETY

The Board of School Trustees recognizes that in providing the educational program for the children of this District, it assumes the responsibility for the safety of students and District employees while they are on and in the facilities provided in furtherance of that program.

The Board shall provide, publish and post rules for safety and the prevention of accidents; instruct students in safety and accident prevention; provide protective devices where they are required for the safety of students and employees; and provide suitable and safe equipment where such equipment is necessary for the conduct of the educational program and the operation of the schools.

The Superintendent or his/her designee shall prepare rules governing school safety and the prevention of accidents and fire which shall include as a minimum the requirements of law and the applicable regulations of various departments of state government. The Superintendent shall appoint a Safety Officer for the District.
