At the March meeting, Stella Thornton requested the committee consider adding enhanced slides of the female reproductive system versus approving the slides as presented. Sheila Story shared the new slides. Erin Been explained that she found the additional slides from another district. Committee members asked Stella if the added slides addressed the concern she had raised. Stella stated that she liked the new slides and that they did fill the gap she had identified. Valerie motioned to add the new slides to the previously presented presentation. Dan seconded the motion. Sheila called for a vote. The vote passed unanimously. Discussion continued on the presentation as a whole. Erin clarified that she added the new slides to the original slide deck for the committee. Valerie suggested models be considered versus just pictures. Erin informed the committee that the district does have some models available.

- Presentation by Transgender Allies Group (TAG)

<http://www.transgenderalliesgroup.org/pdfs/Transgender104.pdf>

Sherrie Scaffidi (presenter) shared the proposed ppt presentation with the committee. Sherrie told the committee that the presentation could be altered to fit the needs of the district. Sherrie shared an additional ppt presentation that she created for another group. The committee discussed both presentations. Erin explained that she reached out to TAG for assistance in teaching the new standards on gender identity. A representative from TAG will be presenting to district Health teachers later this year. Stephanie made a motion to approve the first presentation for middle school and the second presentation for use in the high school. Dan seconded the motion. Sheila called for a vote. Ann voted “no”, all other members voted “yes”. Motion passed.

- List approved Family Life Advisory Committee Materials – Hand out

Sheila shared the current FLAC list to the committee. Stephanie suggested adding a column for category/standard. Sheila noted that a couple of dates need to be corrected. Erin offered to add the standards to the document. Sheila will continue to update the document as the committee’s work progresses.

Sheila informed the committee she may call a meeting in May if further items are submitted. Committee members agreed. Meeting adjourned at 7:51 p.m.
